

ROUND 2 QUICK QUOTES
August 15, 2026

VAUGHN TAYLOR (-8)

Q. Vaughn, great round out there today. Take us through what was working for you yesterday and today.

VAUGHN TAYLOR: Kind of a tale of two days. Yesterday I swung it really well, made some putts obviously. But today just didn't feel good with my swing. Body felt a little off, but the putter kept me in there. I made a few really good par saves and got hot late in the round, hit a couple wedges close and just kind of put it together. Today wasn't very pretty, but got it done.

Q. Can you describe this course? How is it playing this week?

VAUGHN TAYLOR: It's sneaky difficult. There's a lot of -- yeah, some greens bounce out and run away from you, some have been soft. You feel like you've got to pay attention a lot and can't take anything for granted. You have to think your way around and just play smart.

Q. Do you feel since you came on in Tucson, about time we're doing this?

VAUGHN TAYLOR: I wasn't really sure. You know, I haven't been feeling very good physically, I'm still not, so just trying to manage it as best I can. My expectations have been high, but kind of understanding where I've been. Starting to putt well, so it's been probably the biggest key.

Q. What's the biggest thing about this tour that maybe surprised you since you've been out here?

VAUGHN TAYLOR: So many things really. The biggest, I'd say three rounds. Used to playing four rounds, having a cut. I think not having a cut just kind of relaxes you, but at the same time if you don't get off to a fast start, you can fall behind pretty quick. That's probably the most important thing. It's been a big learning curve for me not walking up seeing the 25-year-old smashing it 350. Just seeing a bunch of guys I played with in the past, it's been a real pleasure.
